ASSIGNMENT OF RACE NUMBERS

Race numbers will be assigned automatically in steps (i.e. those who register first will have a lower start number compared to those who register later).

At each athlete will be assigned a specific start sector. The sector will be indicated on the bib number, through the use of specific colors, to facilitate entry in their respective "corral".

The starting sectors will be determined on the basis of the "qualifying time" declared by the applicants, according to the chart below. For the allocation of the starting areas will be accepted the *net times* recorded from January 1, 2016 onwards on the marathon and half marathon distance, on IAAF approved routes.

NUMBERS AND GOODY BAGS PICK-UP

Race numbers and goody bags can be collected at the Marathon Village, at Bainunah Park from December 2 to December 5 (3 pm to 9 pm).

There is no race bag and bib collection on December 6th.

The race number is strictly personal, it cannot be tampered with or reduced and is not transferable to anyone, under penalty of disqualification. The bib incorporates the timing chip (which must not be tampered with in any way) and must be applied with the appropriate pins.

DEPOSIT FOR BAGS WITH PERSONAL CLOTHES

Alongside the bib number at each athlete will be given a label (bearing the race number) to be placed on the bag provided by the organization in which personal clothes can be stored.

The bag received by the organizers will be the only container accepted by the organization. It should be delivered to the employees at the bag deposit in the designated area at the start/finish, where it will be kept and where it can be withdrawn by the athlete at the end of the race.

The service is available only for marathon and 10 km participants.

It is advisable not to leave personal belongings (mobile, wallet, etc.) inside the bags. While ensuring the utmost care in the custody of the bag, the organization will not be responsible for any theft.

START

The start of the ADNOC Abu Dhabi Marathon 2019 is scheduled from the Corniche Road near to ADNOC Tower in Abu Dhabi at 6:00 am, with meeting in the starting area from 5:00 am.

The official departure time will be communicated to participants in the days before the event. It is noted that small variations are possible due to technical and organizational needs.

TIMING

The time keeper is Race Result AG. Time measurement and processing of the rankings will be electronically made with a system based on an active disposable transponder ("chip") attached to the race number. It is forbidden to tamper with the chip and the support that fixes it to the bib. Athletes who in any way loose and/or damage the "chip" will not be timed and will not be in the rankings.

For each athlete will be taken: official time (from gunshot to finish line), net time (from the moment you cross the start line to the finish line), intermediate times at km 5, 10, 15, 20, at half marathon (21.097 km), at km 25, at km 30, at km 35 and at km 40.

TIME LIMITS

Time limit to finish the marathon is 6 hours with police and medical support. Any remaining participants after this time are requested to run on the footpaths.

REFRESHMENT AND SPONGING STATIONS

As per IAAF rules, there will be refreshment stations with water and sports drink after the finish line and every 5 kilometers along the course. Beginning on the 15th km, fruit and energy gels will also be available.

In their bags, athletes will find personal sponges which they will be able to carry with them during the race and soak in the tanks of running water located along the course every 5 kilometers, starting from the 7,5 km. In these locations there will be no sponges. Instead, more sponges will be available to athletes in the start area.

WITHDRAWN ATHLETES

Athletes with an injury or who want to leave the race can get on the “sweep bus” following the last runner to reach the next collection point (km 13,5 - km 23.5 - km 30,3). From there they will be transported to the finish area, where they can reclaim their bags.

Athletes who are able to walk can reach the nearest collection point.

MEDICAL ASSISTANCE

The organization will provide the runners with a timely and qualified medical service, to help all athletes in difficulty.

An advanced medical post (PMA) will be located after the finish line. Along the course, aid stations, ambulances and medical cars will be available.

PACERS

Various groups of pacers will be at the runners’ disposal. These are athletes trained to run the marathon at a constant pace to complete the course within a specific time.

Pacers will be offered to run the marathon in:

3h40’ 4h00’ 4h30’ 5h00’ 5h30’
